

*The Hebrew Month of **Elul***

An End and A Beginning

Every book has a beginning page and an ending page. Every Chapter has a start and a finish. The Hebrew month of Elul is God's reconning of a calendar year. This annual changing of the Hebraic year usually falls on the Gregorian calendar months of mid - September till early October. Last year Tishri 1 which is equivalent to our January 1 was on September 7th, 2021. This year 2022 Tishri 1 is September 27th until September 28th 2022.

God's closing out of how His reconning of the calendar year is quickly approaching. God is looking back not only over the last year, but the last several years (7 - year Shemita cycles). Evaluation is the only way to benchmark either progress or regression. We see this in grading periods when we were in school. Yearly job performance evaluations in our careers. It's a reconning if you will, a time to pay the piper, or receive a blessing or curse.

God is getting ready to do some reconning! Individually and collectively worldwide. Reconning has always started in the ***House of the Lord*** and ***His people***. It will this time too, but others won't escape. Those individuals in governmental roles of leadership and influence who are tasked by God to look after the Well Being and Care of a People by God's Standards, and the Nations worldwide are being called into account (reconning). Those on the sidelines won't escape either. The well-known phrase "All it takes for Evil to prevail is for men and women of good character to remain silent and sidelined". It's said that when the tide comes in the harbor, all ships will rise. If that's ***true and it is***, then all it takes is for tide to be withdrawn and all ships will lower. A reconning if you will!!

What you receive out of these 3 paragraphs is completely up to you and your creator. ***A Call To The People*** was written with these concepts in mind. We all must be accountable for the time given to us by God. As God closes out this chapter of the last Hebraic month & year (His timetable) and we still have some time left before September 27th/28th, 2022 arrives. I would strongly encourage you to ponder these Truths and of God Reconning of time. May the **Holy Spirit** lead you in All Truth and Understanding.
