The US government has recognized the Satanic Temple as an organized religion. On April 25, the IRS gave the group the same tax-exempt status that it gives to religious groups.

"We are pleased to announce that for the very [first] time in history, a static organization has been recognized by the United States federal government as being a church," the Instagram post stated.

It continued: "This acknowledgment will make sure The Satanic Temple has the same access to public spaces as other religious organizations, affirm our standing in court when battling religious discrimination, and enable us to apply for faith-based government grants."

Founded in 2013 and based out of Salem, Massachusetts, the group has been around for over five years. It has its roots in political activism and was founded as a sort of "anti-religion," as the New York Times reported in 2015.

## The Satanic Temple is a nontheistic religion

Followers of the Satanic Temple does not worship Satan (**they worship Lucifer – Satan is defined as opposition it's a play on word. Therefore, it is a religion because they have a god and that god has a name – Lucifer**)

According to its website, at its core, the Satanic Temple seeks "to encourage benevolence and empathy among all people, reject tyrannical authority, advocate practical common sense and justice, and be directed by the human conscience to undertake noble pursuits guided by the individual will."

"This idea of worship, it's usually kind of insulting to people who identify with Satanism, because that implies a sense of servility. Satanism is about personal sovereignty and independence and freedom of will," Lucien Greaves, a co-founder and spokesperson for the Satanic Temple, told Public Radio International.

The group has certain distinct iconography, like the goat-headed statue Baphomet. Speaking to Public Radio International, Greaves explained that while the statue holds significance to the group it is not considered a deity.

"Words like 'spiritual' or 'holy,' I think — one of the first things that people need to realize about us is that we don't advocate for any supernatural beliefs. We're a nontheistic religion," Greaves said. "We don't subscribe to supernatural explanations or accept them as legitimate."

According to its website, the group has seven key tenets. Here they are in full:

1. One should strive to act with compassion and empathy toward all creatures in accordance with reason.
2. The struggle for justice is an ongoing and necessary pursuit that should prevail over laws and institutions.
3. One's body is inviolable-hmm (*Why require proof of a vax shot for the Luciferin Ball 4/28/23*, they are hypocrites) subject to one's own will alone.
4. The freedoms of others should be respected, including the freedom to offend. To willfully and unjustly encroach upon the freedoms of another is to forgo one's own.
5. Beliefs should conform to one's best scientific understanding (Global Pantheism of one's ideas by science which in never in total agreement – Everyone's right and no one is wrong. That equals chaos, mayhem, & confusion) of the world. One should take care never to distort scientific facts to fit one's beliefs. Would that include information from Fauci ?
6. People are fallible. If one makes a mistake, one should do one's best to rectify it and resolve any harm that might have been caused. \*\* No accounting of Repentance and who or what power defines what a mistake actually is? \*\*
7. Every tenet is a guiding principle designed to inspire nobility in action and thought. The spirit of compassion, wisdom, and justice (Justice is determined by what STANDARD) should always prevail over the written or spoken word.

## It's not interchangeable with other Satanist groups

Although they are often referred to interchangeably, the Temple is different from the Church of Satan which was founded in the 1960s by Anton Szandor LaVey. Although both groups don't worship Satan, they are not the same and have different core beliefs. **\*\*note Satan is a vague description of the Fallen – Satan definition in meaning is opposition to God the Most High. That encompasses numerous fallen who each are given an individual name by God Himself \*\***

You must go to [Isaiah 14:12 “How you are fallen from heaven, O Lucifer, son of the morning! How you are cut down to the ground, You who weakened the Nations!] – each one has its own name given by The Most High Creator God) s.

\*\* So Note – why is the name of the spokesman of The Satanic Temple first name Lucien???\* Answer – he represents Lucifer by his name!

The Church of Satan describes itself as "self-centered" group "with ourselves being the most important person (the "God") of our subjective universe, NOTE - (Isaiah 14:13 “For you have said in your heart: I will ascend into heaven, I will exalt my throne above the stars of God; I will also sit on the mount of the congregation, On the farthest sides of the north; I will ascend above the heights of the clouds, I will be LIKE the Most High.) so we are sometimes said to worship ourselves. Our current High Priest Gilmore calls this the step moving from being an atheist to being an 'I-Theist.'" To that group, Satan "is a symbol of pride, liberty and individualism."

However, according to the Satanic Temple, the biggest difference between the groups is **Temple's commitment to activism**.

<sup>14</sup> “You were (past tense) the anointed cherub who covers;

**I established you**; (Creator – Most High)

You were on the holy mountain of God;

You walked back and forth in the midst of fiery stones.

<sup>15</sup> You were perfect in your ways from the day you were created, (Creator – Most High)

In the sight of all who saw you.  
<sup>19</sup> All who knew you among the peoples are astonished at you;  
You have **become a horror**,  
And **shall be no more forever.**” ’ ’ ”

## The group was founded out of political protest – (so Religion out of Politics)

The Satanic Temple was founded in 2013 by Lucien Greaves and Malcolm Jarry in opposition to the George W. Bush administration's White House Office of Faith-Based and Community Initiatives, the New York Times reported.

"Imagine if a Satanic organization applied for funds, it would sink the whole program," Jarry told The Times of the initial concept behind the temple.

So the temple's first act of protest was a mock rally in 2013 in support of then-Florida Gov. Rick Scott's push for in school prayer, the Huffington Post reported.

"We were coming out to say how happy we were because now our Satanic children could pray to Satan in school," Jarry told The Times.

If its origins were rooted in trolling, the group now demands to be taken seriously. Speaking to The Times in 2015 the men said they **were not interested in gaining tax-exempt status from the IRS**, but the group just earned that designation last month. And over the last six years, it has made a name for itself by filing lawsuits and holding rallies defending its beliefs.

In 2018, the group held a rally in Little Rock, Arkansas, protesting the installation of a monument of the 10 Commandments in the town. To counter it, the group briefly installed a statue of Baphomet, the Associated Press reported.

"We have as little interest in forcing our beliefs and symbols upon you as we do in having the beliefs of others forced upon us," Greaves told NPR.

Currently, the group is suing the city of Belle Plain, Minnesota for the right to display a veteran statue in a park, the Star Tribune reported. The city initially allowed the group to install the statue, but later revoked the acceptance.

Perhaps most notably in November 2018, the temple sued Netflix over the use of a statue that resembled Baphomet in the "Chilling Adventures of Sabrina," alleging that the program implied that it stood for evil.

The Temple confirmed [Business Insider](#) that the two groups came to an "amicable" settlement over the situation.

## It has a large global following

The Satanic Temple is based out of Salem, Massachusetts — as in where the witch trials took place in the late 17th century. Lucien Greaves at the headquarters, which is a house. Elise Amendola/AP Photo

The group is headquartered out of an "old" house that has a room where members can meet, a library, and an art gallery. There are relics throughout — including **8-foot-6-inch bronze Baphomet**, Public Radio International reports.

However, this chapter is just one of many.

According to PRI, the temple has **20 chapters in the US**, in places like Seattle, New Orleans, Chicago, Albany, and Austin. It also has international branches in Ottawa, Australia, Germany, and the UK. And more are reportedly on the way.

Also helping the group gain visibility is a recently released **documentary entitled "Hail Satan?"**

The movie tracks the group's trajectory — from the first Rick Scott rally to where it stands now as a tax-exempt religious organization with a following of over **50,000**.

Speaking to PRI, Greaves said *the Satanic Temple has grown so much over the last few years because of the way it has harnessed its messaging in response to the current political climate.* (So, messaging in Politics does have a benefit)

"In a way, the Satanic Temple has enjoyed such expansive, explosive growth because of the rise of the **theocratic right** in the United States," he said. "Our expansive membership numbers are a response to the Trump administration and Pence being vice president. People are horrified.

## Why I'm Leaving The Satanic Temple - TST

- I've been involved in the New York City chapter of The Satanic Temple for about two and a half years, first as a regular member, then as *media liaison*, and now as *co-chapter head*. My reasons for joining TST were simple: I was enchanted with their ***work in the areas of reproductive freedom and separation of church and state***, and I thought **their strategy of using the unique legal power of religious groups in the United States to accomplish this work was brilliant**. I still believe in this work, and I still hold ***the tenets and stated mission*** of TST in the highest regard.
